

The Andes

Chile 🇨🇱 Torres del Paine, Chilean Fjords & Santiago
 January 2024 Nika Wynn, Dawna & Terry O'Malley and Cindy Castillo

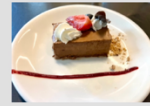

Chile was the **third** country in our 3-country visit to South America. From the Patagonian region of Argentina we entered the magnificent Magallanes Region of Chile. We hiked in Torres del Paine National Park and then boarded the Skorpios III to cruise the Chilean fjords into glacial inlets, through icebergs, enjoying dolphins, condors, and the splendor of this most rugged terrain. The weather changes quickly here and the colors of the sky and the water change quickly with it.

In Puerto Natales we boarded ship for 4 days in the Fjords with Zodiac excursions to glaciers, games, naps, and unlimited drinks with glacier ice! And the food was amazing!
