Math 212 MP1, CRN 44491, Spring 2018

## Math Success Program (MPS)

Instructor: Ms. Rani Fischer, fischerrani@fhda.edu
Counselor: Melissa Maturino, maturinomelissa@fhda.edu
Office Hours: after class MWF inE37
Classroom: E32, 8:30-10:20 am, Monday-Friday
Textbook: course packet sold in bookstore, under \$50, written by Doli Bambhania

What to bring every day: HW, course packet, pencils, two colored pencils/pens, graph paper. Calculators are allowed in class, but not on quizzes or tests.

Class Rules: Be considerate and respectful. No cell phones.
Attendance: Regular, punctual attendance at all class meetings is expected of each student. Since this is an MPS class, you will sign a contract on the first day of class committing to perfect attendance unless if there's an emergency. Students who are habitually absent will not be asked back to the MPS program.

Homework: Homework will be assigned every day and is due at the beginning of the next class. Homework will be graded both for effort and for accuracy, 5 points for each assignment. Complete all homework assignments and ask questions. Credit will not be given for answers only, so show all your work.

Quizzes: A short quiz will be given at the beginning of each class. I will put it on the board a few minutes before class starts if you would like extra time. Missed quizzes cannot be made up for any reason. At the end of the quarter, your lowest two quiz scores will be dropped.

Exams: Three exams will be given. Exam dates are Friday, May 4; Tuesday, May 29; and Tuesday, June 19. All exams are closed-book and closed notes-unless otherwise stated.

Final Exam: There will be a 2-hour final exam on Wednesday, June 27 at 7 am . The exam is comprehensive. At the end of the quarter, your final exam will replace your lowest exam score, if the final exam score is higher.

Grades will be assigned as follows:

| Assignments Points | Percent | Grade |
| :--- | :--- | :--- |
| Exams (3) | 30 | $\geq 90 \mathrm{~A}$ |
| Final exam | 20 | $\geq 80 \mathrm{~B}$ |
| HW | 20 | $\geq 70 \mathrm{C}$ |
| Quizzes | 20 | $\geq 60 \mathrm{D}$ |

How to get help: Students may receive tutorial assistance from the instructor after class MWF in E37. Please come by for help or to talk about your grade. Tutors are also available in S-41 and in S43. Students are strongly encouraged to make use of the tutorial help to succeed in this class. Any student whose grade falls below $75 \%$ will meet with Rani and our counselor, Melissa.

Academic Integrity: Academic dishonesty will not be tolerated. If a student is found cheating and/or copying on any assignment or violating any other code of academic integrity, he or she will receive a 0 on the assignment and may receive failing grade for the course and/or be reported to the college. Anyone caught cheating on a test or quiz will receive an automatic 0 and be reported to the Dean of the PSME Division. Those caught twice will be expelled from the class with an F.

Disability Statement: De Anza College makes reasonable accommodations for people with documented disabilities. Please notify Disability Support Services (DSS) if you have any physical, psychological or other disabilities, vision, hearing impairments or ADD/ADHD. DSS is located in the student community services building, room 141. Phone number: 408-864-8753.
Website: http://www.deanza.edu/dss/.
Important Dates for Spring Quarter 2018:
Sunday, April 22: Last day to drop for a full refund or credit and with no record of grade Friday, May 4: Last day to request pass/no pass grade
Friday, June 1: Last day to drop with a "W"
Monday, May 28, Holiday: Memorial Day
Wednesday, June 27: Final Exam, 7-9 am

*Evaluate real-world situations and distinguish between and apply linear and quadratic function models appropriately.
*Analyze, interpret, and communicate results of linear and quadratic models in a logical manner from four points of view - visual, formula, numerical, and written.
*Demonstrate an appreciation and awareness of applications in their daily lives.
