

**Instructor:** Hassan. Bourgoub  
**Course Name:** Calculus IV  
**CRN/Section** 37491-08Z  
**Classroom:** Online  
**Time:** Daily 11:30am-12:20pm  
**Office Hours:** MWF 10:30am -11:20am, TTh12:30pm -1:20pm  
**Office/Phone:** None  
**Email:** [Bourgoubhassan@fhda.edu](mailto:Bourgoubhassan@fhda.edu)  
**Text** Calculus-W/Web-Assign, by Stewart, Edition 8e

**PREREQUISITES**

DeAnza Math 001C with grade of C or better or the equivalent.

**Minimum Requirements****Attendance**

Perfect attendance is required of every student. You are expected to be in class daily on time and remain through the duration of class. Call every time you miss class. Two consecutive absences **may** constitute dismissal from class. In the event you decide to withdraw from the course, it is your sole responsibility to fill out a drop sheet and submit it to the records office.

**Test performance**

Satisfactory performance on tests and the final exam are necessary for passing the course.

**Homework:**

Homework is an integral part of the course. It is very unlikely for most students to succeed in this class without completing all homework assignments on time. We will use Web-Assign website for course homework and access to the textbook. You are to purchase an access code separately or bundled with a new textbook. The due date for each assignment is available on the site. All due dates are set approximately four days after the relevant material is discussed in class. Fixed due date used to allow for uniform distribution of course load throughout the quarter. Each assignment comprises number of homework credits equal the number of problems in the assignment. These credits will be scaled at the end of the quarter for a maximum of 100 course points.

Only one extension, that expires in three days, is allowed per assignment and it is done automatically with 20% penalty.

**Testing**

We are going to have three written tests, three multiple-choice tests, and a final exam. The tests are worth 50 points each, 15, 20, and 15 points each for three quizzes, and the

final exam counts for 100 points. There will be no makeup exams. The final exam will be comprehensive and mandatory. Dates for all tests and tests are available on the course schedule on Canvas and the class's webpage.

***Distribution of Course Grade***

Quizzes	50 pts
Tests	100 pts
WebAssign Homework	150 Pts
Final Exam	100 Pts
<hr/>	
Total	400 pts

***Materials***

The required text mentioned above, a TI84 calculator or the equivalent, loose paper, pencils and a ruler are required course materials.

***Academic Integrity***

Refer to Schedule of Classes on college policy under subtitle Academic Integrity; in addition, cheating and plagiarism is not tolerated and will be decisively met with grade F for test/ assignment, and, or dismissal from class depending on the circumstances.

***Grading:***

The course grade is based on the fixed scale below. Grades are not given to you; they are earned by your desire and willingness to be consistent, persistent and hardworking.

There are three components to the total grade in this course, in-class tests and Quizzes, homework, and a final exam. The Final letter grade is based on the scale below.

***Grade Scale***

Letter Grade	Range
A+	98 % and above
A	94 % – 97%
A -	90 % –93%
B +	87% -- 89 %
B	84 % -- 86 %
B-	80 % -- 83 %
C+	72 % -- 79 %
C	65 % -- 71 %
D	50 % -- 64 %
F	below 50 %

Good Luck

**Student Learning Outcome(s):**

\*Graphically and analytically synthesize and apply multivariable and vector-valued functions and their derivatives, using correct notation and mathematical precision.

\*Use double, triple and line integrals in applications, including Green's Theorem, Stokes' Theorem and Divergence Theorem.

\*Synthesize the key concepts of differential, integral and multivariate calculus.
