Subject: Student Placement Data – Fall 2009

Stephen Fletcher, Supervisor of the Assessment Center, provided the following data:

Of the first-time students to De Anza College in fall 2009 (3,843), 64% took the English placement test and 66% took the Mathematics placement test prior to September 30, 2009. Of the cohort of first-time students, 58% tested into developmental English while 22% tested into developmental Mathematics.

				Percent of first-time students		Percent of test takers
	First-time students fall 2009	Took placement exam	Tested into developmental section	Taking the placement exam	Placing pre-collegiate	Placing pre-collegiate
English	3,843	2,448	2,228	64%	58%	91%
Math	3,843	2,542	828	66%	22%	33%

English excludes ESL, includes EWRT 200, 211 and Math includes 210 and 212.
