Subject: De Anza Student Veterans – Summer and Fall 2010 compared to Summer and Fall 2011

De Anza student veterans were identified using the Banner cohort table. The veteran cohorts included: VETDABEN, VETBOG, VETDAGUEST, VETDAPREREG, VETDATUI, VETERAN2. These veterans were matched to registration records to determine whether or not they were enrolled in each quarter, only enrolled students were included. The total count includes only distinct students.

The analysis showed:

- Enrollments of veterans increased from 291 in fall 2010 to 341 in fall 2011.
- The ethnic distribution of veterans on average is comprised largely of White students making up 27% of the student population over the time period followed by Multi-ethnic students at 15%, Filipino students at 14% and Hispanic students at 14%.
- For the fall quarters, about 58% of veterans are enrolled full-time while 43% are enrolled part-time.
- Veterans largely declare their goal as 'Obtain an AA/AS degree then transfer' at 46%, followed by 'Transfer without an AA/AS' at 19% and 13% declared a goal of 'Obtain an AA/AS without transferring'.
